FOREWORD BY PAMELA DANESE	I
EXECUTIVE SUMMARY	V
CHAPTER 1: GLOBAL SUPPLY CHAIN MANAGEMENT IN LITERATURE	1
Economical context of global supply chains	1
Managing global supply chains	10
The global value chain approach	25
CHAPTER 2: THE RESEARCH	29
Framework and objectives of the research	29
Research strategy	34
The international IMSS survey	36
Case studies and the electric motors industry	38
CHAPTER 3: EVIDENCES FROM THE MANUFACTURING INDUSTRY	51
Global supply chain configurations	51
Configurations and supply chain improvement programs	64
Configurations, supply chain improvement programs and performance	66
The effect of influencing factors	74
CHAPTER 4: EVIDENCES FROM THE ELECTRIC MOTORS INDUSTRY	91
Global value chain analysis	91
Positioning the cases over the global value chain	102
Case studies analysis	114

CHAPTER 5: PUTTING VIEWS TOGETHER ON GLOBAL SCM	121
Global supply chain configurations	121
Global sourcing	124
Global manufacturing and distribution	127
Global supply chain configurations characteristics	129
Supply chain improvement programs and performance	131
Influencing factors	135
CHAPTER 6: CONCLUDING REMARKS	139
REFERENCES	147
