Introduction to the <i>Handbook of Technology Transfer</i> <i>David B. Audretsch, Erik E. Lehmann and Albert N. Link</i>	1
PART I KNOWLEDGE TRANSFER	
1 The limited transferability of knowledge <i>Cristiano Antonelli</i>	11
2 The impact of knowledge transfer on innovation: exploring the cross-fertilization of basic and applied research <i>Dennis P. Leyden and Matthias Menter</i>	25
3 The role of public finance in knowledge transfer and innovation <i>David B. Audretsch and Maksim Belitski</i>	39
PART II INDIVIDUALS	
4 Principal investigators and knowledge management: a micro-foundational conceptual framework <i>James A. Cunningham, Manlio Del Giudice, Melita Nicotra, Conor O’Kane and Marco Romano</i>	57
5 Factors facilitating the inventing academics’ transition from nascent entrepreneurs to business owners <i>João Ricardo Faria, Rajeev K. Goel and Devrim Göktepe-Hultén</i>	75
6 The role of work-family initiatives in fostering technology transfer: research opportunities on family and non-family SMEs <i>Katerina Vasilevska, Mara Brumana and Tommaso Minola</i>	103
PART III INSTITUTIONS	
7 University-industry collaboration: drivers and barriers <i>Thomas Lauvås and Einar Rasmussen</i>	124
8 Contextualizing technology transfer: a review of university-industry transfer in the construction industry <i>Laís Bandeira Barros, Mirjam Knockaert and Laura Lechuyse</i>	138

9	The role of Universities of Applied Sciences in technology transfer: the case of Germany <i>Alexander Starnecker and Katharine Wirsching</i>	159
10	The role of university in a time of crisis: learn from the past to shape the future <i>Henry Etzkowitz, Chunyan Zhou and Rosa Caiazza</i>	176
PART IV COUNTRIES		
11	Academic entrepreneurship in Italy <i>Alice Civera, Michele Meoli and Silvio Vismara</i>	196
12	Academic entrepreneurship: the performance and impacts of academic spin-offs in Norway <i>Marius Tuft Mathisen and Einar Rasmussen</i>	215
13	Universities' ownership of intellectual property: focus on Canada <i>Shiri M. Breznitz, Samaa Kazerouni and Qiantao Zhang</i>	236
14	Technology transfer and frugal social innovations: looking inside an emerging economy <i>Claudia Yáñez-Valdés and Maribel Guerrero</i>	249
