TABLE OF CONTENTS

PREFACE ............................................................................................................................................. XV

ORGANIZATION.............................................................................................................................. XVII

Volume 1

THE WOODEN CHURCHES IN POLAND INSCRIBED ON UNESCO WORLD HERITAGE LIST

Eleftheria TSAKANIKA
INSCRIPTION IN THE UNESCO WORLD HERITAGE LIST OF THE WOODEN TSERKVAS OF THE CARPATHIAN REGION IN POLAND AND UKRAINE.
THE FIELD EVALUATION MISSION .............................................................................................. 3

Mariusz CZUBA, Jerzy JASIEŃKO, Małgorzata ROZBICKA
WOODEN CHURCHES IN SOUTH MALOPOLSKA LISTED AS UNESCO WORLD HERITAGE SITES (POLAND) ............................................................................................................ 22

Ulrich SCHAAF
EVANGELICAL CHURCH OF PEACE IN JAWOR. SEVERAL COMMENTS ON ITS ORIGINAL ARCHITECTURE AND HALF-TIMBERED CONSTRUCTION FROM THE YEARS 1654-1655 IN THE LIGHT OF HISTORICAL AND ARCHITECTURAL RESEARCH .............................................................................................................. 36

ASSESSMENT, REINFORCEMENT AND MONITORING OF TIMBER STRUCTURES

Dina D’AYALA, Eleftheria TSAKANIKA, Thierry DESCAMPS, Francesca LANATA, Jochen KURZ, Annette HARTE, Jorge BRANCO, Natalie QUINN
INTERDISCIPLINARY KNOWLEDGE TRANSFER AND TECHNOLOGICAL APPLICATIONS FOR ASSESSMENT, STRENGTHENING AND MONITORING OF TIMBER STRUCTURES IN EUROPE ......................................................................................................................... 49

Olivier CARPENTIER, Thierry CHARTIER, Emmanuel ANTCZAK, Thierry DESCAMPS, Laurent VAN PARYS
ACTIVE AND QUANTITATIVE INFRARED THERMOGRAPHY USING FREQUENTIAL ANALYSIS APPLIED TO THE MONITORING OF HISTORIC TIMBER STRUCTURES .......................................................................................................................... 61

Annette M. HARTE, Teresa ARTOLA, Richard MCCORMACK
DEVELOPMENT OF A DECISION SUPPORT TOOL FOR TIMBER REINFORCEMENT SELECTION............................................................................................................................... 70
Annette HARTE, Robert JOCKWER, Mislav STEPINAC, Thierry DESCAMPS, Vlatka RAJCIC, Philipp DIETSCH
REINFORCEMENT OF TIMBER STRUCTURES – THE ROUTE TO STANDARDISATION ............ 78

Martin KRAUSE, Jochen H. KURZ, Francesca LANATA, Lidija KRSTEVSKA, Alberto CAVALLI
NEEDS FOR FURTHER DEVELOPING MONITORING AND NDT-METHODS FOR TIMBER
STRUCTURES ...................................................................................................................................... 89

Mariapaola RIGGIO, Maria Adelaide PARISI, Chiara TARDINI, Eleftheria TSAKANIKA,
Dina D’AYALA, Nicola RUGGIERI, Gennaro TAMPONE, Francesco AUGELLI
EXISTING TIMBER STRUCTURES: PROPOSAL FOR AN ASSESSMENT TEMPLATE .......... 100

Jan SIEM, André JORISSEN
CAN TRADITIONAL CARPENTRY JOINTS BE ASSESSED AND DESIGNED USING
MODERN STANDARDS? .................................................................................................................. 108

Karel ŠOBRA, Jorge M. BRANCO, Petr FAJMAN
BEHAVIOUR OF A DOVETAIL JOINT SOLVED USING FORCE ANALYSES .................... 120

Karel ŠOBRA, Carina FONSECA FERREIRA, Mariapaola RIGGIO, Dina D’AYALA,
Francisco ARRIAGA, José-Ramón AIRA
A NEW TOOL FOR THE STRUCTURAL ASSESSMENT OF HISTORIC
CARPENTRY JOINTS ........................................................................................................................ 129

HISTORICAL TIMBER STRUCTURES

Simonetta ACACIA, Marta CASANOVA
WHICH WILL BE ITS DESTINY? .................................................................................................... 139

Khosro AFZALI, Negin DORNESHAN
INTRODUCING NATIVE IRANIAN HOUSES IN AREAS WITH HUMID SUBTROPICAL
CLIMATE (CASE: A HOUSE IN GILAN PROVINCE) .................................................................... 150

Krzysztof AŁYKOW, Magdalena NAPIÓRKOWSKA-ALYKOW
FIRST THE ROOF THAN THE WALLS. INFLUENCE OF THE POLITICAL SITUATION
ON THE BUILDING TECHNOLOGY ......................................................................................... 159

Kerimcan APAK, Giulio MIRABELLA ROBERTI
TIMBER TIE BEAM REINFORCED MASONRY IN OTTOMAN BATHS .................................. 167

Francesco AUGELLI
CARPENTRY AND JOINERY TOOLS. USES, TECHNIQUES, TERMS
AND DEFINITION IN THE MOXON’S MECHANIK EXERCISE
OR THE DOCTRINE OF HANDY-WORKS 1677 .......................................................................... 178

Thomas K. BADER, Michael DORN, Gerold ESSER, Georg HOCHREINER
THE HISTORIC ROOF STRUCTURE OF THE LEOPOLD WING OF THE VIENNA
HOBFURG PALACE – STRUCTURAL ASSESSMENT .................................................................... 188

Dariusz BAJNO, Łukasz J. BEDNARZ, Tomasz NOWAK
PRESERVATION OF THE ROOF TRUSS IN THE CITY HALL OF OPOLE (POLAND):
AN ANALYSIS .................................................................................................................................... 198

Liucija BEREŽANSKYTĖ, Tiziana CAMPISI
THE TRADITIONAL SACRAL WOODEN CONSTRUCTION IN LITHUANIA
BETWEEN XVIII AND XIX CENTURY ........................................................................................... 207
Anna ROZANSKA, Piotr BEER
RESEARCH METHODOLOGY OF ANTIQUE WOODEN FLOORS OF PALACES AND MANOR HOUSES OF SOUTH-EASTERN POLAND WITHIN THE CONTEXT OF CONSERVATION ISSUES ................................................................. 358

Jakub SANDAK, Nicola RUGGIERI, Mariapaola RIGGIO, Marco FELLIN, Anna SANDAK, Andrea POLASTRI, Ario CECCOTTI
AN ITALIAN HISTORIC TIMBER FRAMED WALL: DAMAGE PROGRESSION THROUGH DIC ANALYSIS ................................................................. 367

Jerzy SZOŁOMICKI, Jacek BARAŃSKI, Piotr BERKOWSKI, Grzegorz DMOCHOWSKI
ANALYSIS OF BEARING CAPACITY OF TIMBER ROOF STRUCTURE OF HISTORICAL FARM BUILDING IN PALACE COMPLEX IN BUKOWIEC (POLAND) ................................................................. 374

Gennaro TAMPONE
SAFETY IN THE WORKSITE OF TIMBER STRUCTURES CONSERVATION ................................................................. 380

Chiara TARDINI
RELATIONSHIP BETWEEN STRUCTURAL TYPOLOGY AND DESIGN CRITERIA OF 19th CENTURY WOODEN BRIDGES ................................................................. 386

Saadet TOKER BEESON
STRUCTURAL PERFORMANCE OF 19TH AND 20TH CENTURY HISTORICAL DWELLINGS IN GALVESTON ................................................................. 396

Tomasz TOMASZEK, Andrzej KADŁUCZKA, Jerzy JASIEŃKO
CONSERVATION STRATEGIES IN RESCUING WOODEN TEMPLE: A CASE STUDY OF THE MIĘKISZ STARY CHURCH ................................................................. 405

Zeynep UZUN
A RARE CONSTRUCTION TECHNIQUE IN TURKEY: RURAL DWELLINGS WITH BRANCH ROOF AT CORUH VALLEY ................................................................. 414

Maria de Guadalupe ZEPEDA MARTINEZ
APPLICATION OF THE PANSHIN AND DE ZEEUW MATHEMATICAL MODEL TO ANALYZE PHYSICAL AND MECHANICAL PROPERTIES OF MEXICAN MESQUITE WOOD (PROSOPIS LEVIGATA) ON ANCIENT TIMBER STRUCTURES ................................................................. 426

Maria de Guadalupe ZEPEDA MARTINEZ
TIMBER SPECIES OF CULTURAL VALUE ................................................................. 434

NON-DESTRUCTIVE TESTING AND ASSESSMENT

Francesco AUGELLI
VERIFICATION OF DURABILITY OVER TIME OF OLD WOODEN BEAMS USING PENETROMETRIC TECHNIQUE ................................................................. 447

Giuliana CARDANI, Lorenzo CANTINI
A PROPOSAL FOR THE EVALUATION OF THE PENETROMETRIC PROFILES OBTAINED BY RESISTOGRAPHIC TESTS: QUALITATIVE ESTIMATION OF THE DENSITY OF TIMBER STRUCTURES FOR SUPPORTING THE INTERPRETATION OF THE RESULTS ................................................................. 458

Camilla COLLA
VERIFICATION OF SONIC TOMOGRAPHY OUTCOME THROUGH LOCAL TESTING OF MECHANICAL PROPERTIES IN HISTORIC TIMBER BEAM ................................................................. 467
Camilla COLLA, Elena GABRIELLI
ON-SITE INTEGRATED NON-DESTRUCTIVE DIAGNOSIS OF HISTORIC TIMBER
ELEMENTS: THE CASE OF THE ROOF OF PALAZZO D’ACCURSIO, BOLOGNA ............. 479

Filippo FRONTINI, Jan SIEM, Dag NILSEN
ASSESSMENT OF AN HISTORIC TIMBER STRUCTURE USING NDT:
“BRYGGEHUSENE” IN TRONDHEIM (NORWAY) ............................................................ 491

Hana HASNÍKOVÁ, Jan VÍDENSKÝ, Petr KUKLÍK
INFLUENCE OF THE DEVICE STRUCTURE ON THE OUTPUTS
BY SEMI-DESTRUCTIVE TESTING OF WOOD BY PILODYN 6J ........................................ 504

José S. MACHADO, Artur FEIO
PREDICTION OF BENDING PERFORMANCE OF OLD TIMBER BEAMS
BY COMBINING INFORMATION FROM DIFFERENT METHODS ........................................ 513

Tomasz NOWAK, Katarzyna HAMROL-BIELECKA, Jerzy JASIENKO
EXPERIMENTAL TESTING OF GLUED LAMINATED TIMBER MEMBERS
USING ULTRASONIC AND STRESS WAVE TECHNIQUES .................................................. 523

Jan POŠTA, Robert JÁRA, Petr PTÁČEK, Jakub DOLEJŠ, Petr KUKLÍK
COMPARISON OF RESULTS FROM EVALUATING OF TIMBER BY NON-DESTRUCTIVE
METHODS, CONCLUSIVE TESTS AND GRADING MACHINES ......................................... 534

Jakub SANDAK, Kazimierz ORLOWSKI, Tomasz OCHRZMIUK, Anna SANDAK,
Mariapaola RIGGIO
AN ALTERNATIVE WAY OF DETERMINING MECHANICAL PROPERTIES
OF WOOD BY MEASURING CUTTING FORCES ................................................................. 543

Anna SANDAK, Jakub SANDAK, Mariapaola RIGGIO, Leszek BABIŃSKI, Magdalena ZBOROWSKA
MODELLING OF WATERLOGGED WOOD DEGRADATION
WITH MULTISENSOR APPROACH .................................................................................. 552

Hélder S. SOUSA, Jorge M. BRANCO, Paulo B. LOURENÇO
IMPLEMENTATION OF A PROBABILISTIC BASED FRAMEWORK FOR SAFETY
ASSESSMENT OF EXISTING TIMBER ELEMENTS ............................................................ 560

Author INDEX .................................................................................................................. XXI

Volume 2

REPAIR, STRENGTHENING AND MONITORING TECHNOLOGY

Clara BERTOLINI-CESTARI, Stefano INVERNIZZI, Tanja MARZI, Antonia SPANO
NUMERICAL SURVEY, ANALYSIS AND ASSESSMENT OF PAST INTERVENTIONS
ON HISTORICAL TIMBER STRUCTURES: THE ROOF OF VALENTINO CASTLE .............. 581

Can Ş. BİNAN, Gülen SİPAHİOĞLU, Emine KARAMAN
AN EXAMPLE FOR THE CONSERVATION AND STRENGTHENING
INTERVENTIONS ON A LARGE WOODEN BUILDING IN ISTANBUL;
AHMET RATIP PASHA RESIDENCE ........................................................................... 593
Cléry BIONAZ, Lorenzo APPOLONIA, Simonetta MIGLIORINI
PRESERVING WOODEN TRADITIONAL BUILDINGS OF AOSTA VALLEY ......................... 604

Olivier CARPENTIER, Thierry CHARTIER, Emmanuel ANTCZAK, Thierry DESCAMPS,
Laurent VAN PARYS
STRUCTURAL ANALYSIS OF POROUS MEDIA BY MEANS OF THERMAL METHODS:
THEORY AND MONITORING EQUIPMENT...................................................................... 615

Thierry DESCAMPS, Coralie AVEZ, Olivier CARPENTIER, Emmanuel ANTCZAK,
Gi Young JEONG
HISTORIC TIMBER ROOFS MODELLING: PROSTHESIS AND RESIN REPAIRS ............... 621

Łukasz DROBIEC, Zbigniew PAJAK, Radosław JASIŃSKI
REPAIR PROBLEMS OF THE WOODEN STRUCTURE OF CHURCHES ......................... 633

Jiri FRANKL
CHANGES IN IMPACT BENDING STRENGTH OF STRUCTURAL TIMBER CAUSED
BY WOOD-DAMAGING FUNGI ......................................................................................... 645

Toshikazu HANAZATO, Nanae SADAKA, Nobuo SATO, Ryuichiro UCHIDA, Motoki MISU,
Isao SAKAMOTO
STRUCTURAL MONITORING OF TRADITIONAL TIMBER FIVE-STORIED PAGODA
EMPLOYING NEW VIBRATION CONTROL TECHNIQUE .................................................. 651

Tiago ILHARCO, João GUEDES, Alexandre COSTA, Valter LOPES, Bruno QUELHAS
STRUCTURAL ANALYSIS, STRENGTHENING AND MONITORING OF A TIMBER
ROOF STRUCTURE OF AN OLD WAREHOUSE .......................................................... 660

Katsuhiko KOHARA, Danhei UMEDA, Masaru INADA
A STRUCTURAL DESIGN METHOD FOR SEISMIC RETROFITTING ON TIMBER
STRUCTURES BASED ON MICROTBREMOR MEASUREMENT ........................................ 669

Francesca LANATA
THE ANALYSIS OF THE LONG-TERM BEHAVIOUR OF A TIMBER TRUSS
STRUCTURE: THE CASE OF THE ESB BUILDING ........................................................ 681

Jarosław MALESZA, Czesław MIEDZIAŁOWSKI, Mikołaj MALESZA
DEFECTS OF SOLID WOOD ELEMENTS IN THE WOOD-FRAMED RESIDENTIAL
BUILDING STRUCTURE AND RECOVERY TO TECHNICAL LIFE .................................. 694

Maria Jesús MORALES-CONDE, Carmen RODRÍGUEZ-LIÑÁN,
Manuel Alejandro PEDREÑO-ROJAS
ANALYSIS OF WOODEN STRUCTURES WITH BIOLOGICAL DEGRADATION.
STUDY OF PATHOLOGIES AND DIAGNOSIS OF A CHURCH ROOF IN SEVILLE ............... 705

Maria Adelaide PARISI, Claudio CHESI, Stefano CATTANEITO, Carlo FALCONI
SEISMIC INTERACTION OF TIMBER ROOFS AND SUPPORTING WALLS ...................... 716

Saadet TOKER BEESON, Aslı ER AKAN
SEISMIC PERFORMANCE ASSESSMENT OF TRADITIONAL TIMBER FRAMED
STRUCTURES IN TURKEY .............................................................................................. 724

Sandra TONNA, Claudio CHESI
WOOD REINFORCED MASONRY IN POOR CONSTRUCTION TRADITIONS ................... 735

Maria Rosa VALLUZZI, Enrico GARBIN, Claudio MODENA, Enzo BOZZA, Dario FRANCESCATO
MODELING OF TIMBER FLOORS STRENGTHENED WITH SEISMIC IMPROVEMENT
TECHNIQUES ............................................................................................................. 744
MODERNIZATION, REUSE OF TIMBER STRUCTURES

Ioan ANDREESCU, Marius MOSOARCA, Vlad GAIVORONSCHI, Valeriu STOLAN
REVITALIZATION OF HISTORIC ROOF FRAMING SYSTEMS FROM TIMISOARA, ROMANIA.................................................. 785

Janusz BROL, Szymon DAWCZYŃSKI, Katarzyna ADAMCZYK
POSSIBILITIES OF TIMBER STRUCTURAL MEMBERS REUSE ................................................................. 797

Łukasz DROBIEC, Zbigniew PAJAK
RECONSTRUCTION OF THE CATHEDRAL ROOF DESTROYED BY THE FIRE........................................... 804

Elifnaz DURUSOY, Aylin AKÇABOZAN
A COMPARATIVE ANALYSIS ON THE PRACTICES OF ADAPTIVE REUSE FOR TRADITIONAL TIMBER HOUSES OF SAFRANBOLU, TURKEY .......................................................... 816

Turgut KOCATURK, Emir Turgut SİPAHİOĞLU, Koray AYDIN
THE RESTORATION AND CONSERVATION WORKS ON THE WOODEN EAVES OF THE TURBE OF HATICE TURHAN SULTAN................................................................. 828

Gülen SİPAHİOĞLU, Aynur ÇİFTÇİ
REUSE AND CONSERVATION PROBLEMS OF TIMBER SUMMER HOUSES IN FENERBAHÇE, İSTANBUL-CASE STUDIES........................................................................................................... 836

JOINTS AND FASTENERS

Anna ARCISZEWSKA-KĘDZIOR, Jiří KUNECKÝ, Hana HASNÍKOVÁ
MECHANICAL RESPONSE OF A LAP SCARF JOINT WITH INCLINED FACES AND WOODEN DOWELS UNDER COMBINED LOADING .................................................. 849

Mazen AYOUBI, Martin TRAUTZ
BOND BEHAVIOUR OF SELF-TAPPING SCREWS BEING USED AS REINFORCEMENT IN GLUE-LAMINATED TIMBER ELEMENTS................................................................. 859

Michał BASZEŃ, Czesław MIEDZIAŁOWSKI
ASSESSMENT OF JOINTS STIFFNESS IN TIMBER STRUCTURES BASED ON EXPERIMENTAL RESEARCHES............................................................................................................. 872

Jorge M. BRANCO, Hélder S. SOUSA, Paulo B. LOURENÇO, Julia AHVENAINEN, Chrysl ARANHA
STATE-OF-THE-ART REVIEW ON CYCLIC BEHAVIOUR OF CONNECTIONS USED IN CLT MULTI-STOREY BUILDINGS: TEST RESULTS AND MODELLING............................................. 880
Jérôme DOPEUX, Cosimo GIORGETTI, Octavian POP, Philippe REYNAUD, Frédéric DUBOIS
ASSESSMENT OF GLULAM TWINNED COLUMNS TO BEAM CIRCULAR BOLTED CONNECTION ............................................................... 892

Petr FAJMAN, Jiri MACA
SCARF JOINTS WITH PINS OR KEYS AND DOVETAILS .............................................................. 899

Martin HATAJ, Jan VÍDENSKÝ, Petr KUKLÍK
NEW METHOD OF TIMBER ELEMENT JOINING EXPOSED TO EMBEDMENT PERPENDICULAR TO GRAIN .......................................................................................... 907

Gi Young JEONG, Jin Hyuk KONG, So Seon LEE, Thierry DESCAMPS
MOMENT CARRYING CAPACITY OF TRADITIONAL TIMBER JOINTS .................................................. 914

João NEGRÃO, Leandro BRITO, Alfredo DIAS, Francisco R. LAHR, Carlito CALIL J.
MOMENT-RESISTANT REINFORCED CONCRETE JOINTS FOR TIMBER FRAMES ............................ 921

Chun QING, Pan JIANWU, Han YIDAN
RESEARCH ON MECHANICAL PROPERTIES OF PENETRATED MORTISE-TENON JOINT OF CHINESE TRADITIONAL TIMBER BUILDINGS .......................................................... 934

Piotr RAPP, Slawomir FISZER
SCARF JOINTS IN TIMBER BEAMS ........................................................................................................ 941

Wolfgan RUG, Gunter LINKE
STUDY ON THE LOAD BEARING CAPACITY AND THE LOAD-DEFERRAL BEHAVIOR OF WOODEN COMPOSITE BEAMS WITH A TEETHED JOINT .......................................................... 953

COMPOSITE STRUCTURES

Clara BERTOLINI-CESTARI, Stefano INVERNIZZI, Tanja MARZI
FEASIBILITY OF BAMBOO FIBRE REINFORCED GREEN PLASTICS APPLICATIONS FOR BUILDING COMPONENTS ........................................................................................................... 967

Antonio BORRI, Marco CORRADI, Giulio CASTORI
REINFORCEMENT OF SOFTWOOD BEAMS USING UNGLUED COMPOSITE LAMINATES .................................................................................................................... 978

Paolo CLEMENTE, Maurizio PIAZZA, Roberto TOMASI, Wendel SEBASTIAN, Ivan GIONGO
ANALYSIS OF EXPERIMENTAL RESULTS ON A CHEMICAL-MECHANICAL CONNECTION IN TIMBER CONCRETE COMPOSITE FLOORS ...................................................... 990

Ioan FURDUI, Cornel FURDUI, Dan DIACONU, Luminita FEKETE-NAGY
GLULAM BEAMS FLEXURE STRENGTHENED WITH CARBON FIBER SHEET ........................................ 999

Hubertus KIESLICH, Klaus HOLSCHEMACHER
LOAD-SHARING EFFECTS IN TCC-CONSTRUCTIONS – EXPERIMENTS .................................................. 1009

Hubertus KIESLICH, Klaus HOLSCHEMACHER
LOAD-SHARING EFFECTS IN TCC-CONSTRUCTIONS – FE-ANALYSIS ................................................... 1020

Luca RIGHETTI, Marco CORRADI, Antonio BORRI
ANALYTICAL STUDY ON BOND BEHAVIOR OF CFRP BARS EPOXIED INTO TIMBER ELEMENTS ......................................................................................................................... 1027
EXPERIMENTAL TESTING AND NUMERICAL ANALYSIS

Camilla COLLÁ, Elena GABRIELLI
ON THE RESPONSE OF HISTORIC TIMBER BEAM CROSS-SECTION WHEN LOADED IN COMPRESSION................................................................................................................................ 1041

Thierry DESCAMPS, Georges KOUROUSSIS, Laurent VAN PARYS, Coralie AVEZ
ASSESSMENT OF TIMBER BEAMS BY FINITE ELEMENT UPDATING USING
EXPERIMENTAL MODAL ANALYSIS........................................................................................................ 1052

Beatrice FAGGIANO, Maria Rosaria GRIPPA
BENDING TESTS ON CHESTNUT DEFECT FREE ELEMENTS............................................................. 1061

Pan JIANWU, Chun QING
FINITE ELEMENT ANALYSIS ON THE INFLUENCE OF KNOTS TO FLEXURAL
AND COMPRESSIVE PROPERTIES OF WOOD MEMBERS.................................................................. 1069

Katsuhiko KOHARA, Danhei UMEDA, Masaru INADA
A STUDY ON STRUCTURAL PROPERTIES OF MEMBERS WITH SECTION LOSS.............. 1075

Masato NAKAO, Nobuyoshi YAMAGUCHI
SHEAR STRENGTH EVALUATION METHOD FOR MUD-PLASTERED WALLS
WITH SCREW WITHDRAWALS ........................................................................................................... 1087

Elisa POLETTI, Graça VASCONCELOS, Jorge M. BRANCO
EXPERIMENTAL ANALYSIS OF THE CYCLIC RESPONSE OF TRADITIONAL
TIMBER JOINTS AND THEIR INFLUENCE ON THE SEISMIC CAPACITY
OF TIMBER FRAME STRUCTURES ...................................................................................................... 1095

Octavian POP, Jérôme DOPEUX, Mihai ISPAS, Philippe REYNAUD, Valéry VALLE,
Frédéric DUBOIS
ASSESSMENT OF MECHANICAL BEHAVIOUR OF FINGER JOINTS USING
DIGITAL IMAGE CORRELATION ......................................................................................................... 1106

Vlatka RAJČIĆ, Mislav STEPINAC
EXPERIMENTAL ASSESSMENT OF THE PULL-OUT STRENGTH OF GLUED
IN RODS SET PARALELL AND PERPENDICULAR TO GRAIN ................................................................ 1114

Erika VICENTE, Manuel CHAVESTA, Moisés ACEVEDO, Daniel TORREALVA,
José Carlos CANO
IDENTIFICATION AND MECHANICAL PROPERTIES OF TIMBER HISTORICAL
BUILDINGS FROM THE HISTORIC CENTRE OF LIMA: CASE OF HOTEL EL COMERCIO ................. 1121

AUTHOR INDEX ................................................................................................................................... XXI
